Dear Mr. Alvestad:

It is with great pleasure that I acknowledge the gift from the Columbia University Amateur Radio Club, W2AEE, of the binder containing circuits and notes relating to experiments and construction of equipment by Edwin Howard Armstrong and staff. This is a splendid addition to the collection, and we are most grateful to you for arranging the gift of the binder of handwritten notes for addition to the collection of Professor Armstrong's papers that we have here in the Rare Book and Manuscript Library. Be assured that this manuscript, as well as the rest of the Armstrong collection, will be available for your use and that of the members of the Radio Club.

With many thanks and all good wishes,

Sincerely,

Kenneth A. Lohf
